6. NEW BUSINESS

A. Application #13-001: Request for approval of a minor site development plan for Complete Music at 11100 Olive Boulevard.

Applicant/Agent: Rowdy R. Montgomery
Cadre Development, LLC
10560 Old Olive Street Road
Suite 500
Creve Coeur, MO 63141

Property Owner: Daniel and Diane Sims
12554 Clark Manor Circle
St. Louis, MO 63141

Mr. Rowdy Montgomery of Cadre Development, 10560 Old Olive Street Road, representing Daniel and Diane Sims, explained that they had sold their property to Goddard School and wished to find a place for their business quickly. Mr. Montgomery showed the Commission a photo of the building and explained some history of the property. Mr. Montgomery stated the Sims want to update the building to give it more of a contemporary commercial look. Mr. Montgomery explained and showed illustrations of the types of materials they want to use and explained more of the design/façade concept. If the application is approved, Mr. Montgomery said they will bring the landscape up to the City's requirements.

Mr. Montgomery explained that there are 5 full-time permanent employees in the building, and there are 48 DJs on a part-time basis who are only called in for the event and use the site to pick up and drop off their equipment. The owners, The Sims, would like the DJs' access to be safe, since they will be coming and going at different hours of the day. Therefore, they would like to fence off the door access along Mary Meadows, also benefiting the neighbor to the south.

Mr. Faron asked about adjusting the Olive frontage setback, for a possible sidewalk, and Mr. Montgomery replied there are grading issues and there is not much room to expand the sidewalk. Mr. Faron replied that he would really like to see the sidewalk. Mr. Montgomery explained that the greenspace and lot sizes expand the further west you go down Olive, providing those properties more area for sidewalks, and that the applicants' corner is really a tight fit. Mr. Montgomery did not see a viable way to do a sidewalk where it would be meaningful, and achieve the Commission's objectives of creating a warm pedestrian space that welcomes people. Mr. Faron stated he believed it was important to set a statement so when others move in they will follow what is in place. Mr. Faron did state the sidewalk could be smaller than what he asking, but he would like to see a better sidewalk.

Ms. Whitney Kelly, City Planner, explained the issues around a sidewalk and explained how the property further west does get wider making it easier to accommodate pedestrian friendly sidewalks. Ms. Kelly did state that if the Commission wanted Staff to look into meeting the Pedestrian Plan requirements for this lot, they can include that as a condition in the approval. Ms. Kelly explained where a sidewalk could be placed and the dimensions of the sidewalk that would work for the site.

Mr. Paul Langdon, Director of Community Development, spoke and addressed the Commission in regards to the parking and sidewalk issues and options.

Mr. David Caldwell, 257 Brooktrail Court, stated he was excited to have the company moving into the building, and also mentioned that if a Comprehensive Plan update is approaching, then Staff should be considering taking a look at the sidewalk along Olive Boulevard. Mr. Caldwell's suggestion is for the Commission to take the time and look at a more detailed plan or compromise that would work for the site.

Mr. Langdon stated that he believes you can pull the sidewalk to the property line as long as it remains in the right-of-way, however it risks losing the existing mature tree, making the layout curb, grass, then sidewalk.

There was more discussion surrounding the sidewalk and how to include that portion into the motion.

City Attorney, Mr. Carl Lumley had a couple of questions about the phasing, asking if the landscaping could be completed as part of phase 1 and then how the pathway for a sidewalk would fit in to that phase. Mr. Langdon replied the sidewalk would be outside of all the plantings. Secondly, Mr. Lumley asked if the landscaping could be pulled back at the western point and the city retain an easement so they could change the sidewalk at a later time. Mr. Langdon said if the easement was granted it still poses problems with how the sidewalk fits along the western portion. Lastly, Mr. Lumley pointed out to the Commission the last condition, staff's recommendation about cross-access easement, should be more specific. Mr. Eberhardt asked what happens if phase 2 is not built and Mr. Lumley said they would be cited for violating deadlines.

There was more discussion around the sidewalk and the idea of granting an easement to the City for future construction of a realigned sidewalk.

Mr. Montgomery stated he did not believe that by moving the sidewalk three feet a better environment would be created, but if there was a five or six-foot landscaped area, something could actually grow and the tree could be saved.

Mr. Lumley stated another option would be to leave the property the way it is and get an easement for the entire length, to give the city the flexibility to do something different some day. Mr. Lumley said the Commission needs to specify the footage of the sidewalk.

Mr. Faron motioned to approve the site plan and elevations for the renovation of the building at 11100 Olive Boulevard submitted with Application #13-001, as presented to the Planning and Zoning Commission, subject to the conditions contained in the staff report prepared for the meeting of February 4, 2013, with the added condition to include the 50-foot long and 20-foot wide sidewalk easement. Ms. Kramer seconded the motion with the resultant vote as follows:

Mr. Faron – aye
Mr. Howard – aye

Ms. Kramer – aye
Dr. Barton – aye

**APPLICATION TO PLANNING AND ZONING COMMISSION
#13-002 FOR APPROVAL OF A BOUNDARY ADJUSTMENT PLAT FOR 605-
633 EMERSON ROAD AS EMERSON TERRACE OFFICE PARK**

FOR THE MEETING OF: Monday, February 4, 2013

LOCATION: 605-633 Emerson Road

REQUEST: 633 Emerson Medical Partners, LLC is in the process of purchasing the property and is seeking approval to consolidate the parking lot at 605 Emerson Road, with the property at 633 Emerson Road by eliminating Ewen Drive, a private road, to create one 3.66 acre site. The properties are zoned "CB" Core Business District, and located just east of I-270, south of Olive Boulevard, and north of Old Ballas Road.

ADDITIONAL INFORMATION: The sale or transfer of small parcels of land to or between adjoining property owners, where such sale does not create additional lots is a ministerial act; if the drawings are technically accurate, they must be approved by the Planning and Zoning Commission.

Key Issues:

- Does the adjustment create non-conformities on the lot?

Emerson Road Concept Plan Excerpt

BACKGROUND

The properties were originally platted in the 1940's prior to the incorporation of the City of Creve Coeur, and the current Zoning Ordinance. The building at 633 Emerson Road was built in 1991 as the Eagle Eye Care, and the parking lot improvements on the addressed property of 605 Emerson Road received approval in 1993, where the site development plan indicated that Ewen Drive separating the two properties was a vacated private drive. However, nothing was ever recorded that actually did eliminate Ewen Drive from between these lots. The adjusted plat will create one lot of approximately 3.66 acres.

DISCUSSION

Emerson Road Traffic Circle

Last fall, the Planning and Zoning Commission reviewed a concept plan for various upgrades to Emerson Road that include a possible traffic circle at the intersection of Emerson Road and Old Ballas Road in the southwest corner of 605 Emerson Road. The traffic circle would require additional right-of-way including a small portion of the Applicant's property. The Director of Public Works discussed the possible dedication of right-of-way with the Applicant to which the Applicant gave verbal agreement. Therefore, a condition of approval for the boundary adjustment has been added to require the dedication of the right-of-way in substantial conformance with the attached excerpt of the Emerson Road Concept Plan.

Technical Review

A boundary adjustment, which is not a subdivision plat, is possible when the following regulation from the Subdivision Code is satisfied:

410.030(D) Sale or transfer of small parcels of land to or between adjoining property owners, where such sale does not create additional lots, is exempt from the requirement of recording by plat; provided, however, that certification by the Planning and Zoning Commission shall be required prior to such sale or transfer. This certification shall be recorded with the title of the property by the St. Louis County Recorder of Deeds.

This appears to be the case with the current application. The drawings are technically accurate and the adjustment will not create nonconformities. Staff conclude that the adjustment should be approved by the Planning Commission, subject to the conditions in the example motion.

ACTION

If the members of the Planning Commission are satisfied that the requested boundary adjustment meets the applicable requirements of the Subdivision Code, the Planning Department staff request that a final decision be voted upon; no action by the City Council is required.

MOTION

The following are examples of a motion for this application:

"I move to approve the 605-633 Emerson Road boundary adjustment attached to the staff report on application #13-002 subject to the condition that a final drawing be prepared for signature and recording that includes the dedication of right-of-way no less than that indicated on Sheet 4 of 13 of the "City of Creve Coeur Concept Plans for Proposed Emerson Road Improvements," prepared by Horner and Shifrin, Inc., and dated July 11, 2012." (Conditions may be added, eliminated, or modified by preceding motion).

APPLICATION TO PLANNING AND ZONING COMMISSION

#13-004 TEXT AMENDMENT TO CONVERT ALL USE REFERENCES IN THE ZONING ORDINANCE FROM SIC (1987) TO NAICS (2012).

FOR THE MEETING OF: February 19, 2013

LOCATION: City-wide

REQUEST:

An application by the Director of Community Development, on behalf of the City of Creve Coeur, has been submitted to convert the names and numbers of all the permitted and conditional uses identified in the Zoning Ordinance from the 1987 Standard Industry Classification system (SIC) to the 2012 North American Industry Classification System (NAICS).

ADDITIONAL INFORMATION:

The Zoning Ordinance refers to specific uses in various locations beyond just the listing of permitted and conditional uses. Staff have included these additional amendments as necessary, including the parking regulations. Note that every effort was made to apply the new nomenclature without changing the associated regulations.

Key Issues:

- Correct correlation between use systems
- Correction of known issues/use conflicts.

Zoning Code References

- Section 405.210, Regulation of Uses
- All by-right zoning districts (405.250 through 405.380).
- Section 405.450, Permitted Uses
- Section 405.470, Conditional Uses
- Article VII Off-Street Parking and Loading Regulations.

Draft Ordinance, including Section 405, Table A, Permitted and Conditional Uses

SUMMARY OF PRIOR WORK SESSION REVIEW

The SIC to NAICS zoning code revisions were first discussed at the July 2, 2012 Commission work session. At that time, the Commission requested to review the code changes in segments. As requested, the residential districts were reviewed on August 6th; the “HE” Higher Education, “PH” Planned Hospital, “PO” Planned Office and “RO” Research Office zoning districts were discussed on November 5th; and the “MX” Mixed Use and “PC” Planned Community zoning districts were reviewed on December 17th. The “GC” General Commercial district was reviewed January 7th and the “CB” Core Business district was reviewed on January 22nd. The “LI” Light Industrial District was the final section presented on February 4, 2013.

DISCUSSION

List of Permitted and Conditional Uses

Based upon comments received during the review of the SIC to 2002 NAICS conversion tables, staff have prepared the equivalent listing for the 2007 NAICS and then created a conversion table for the 2012 NAICS listings similar to the ones discussed over the past several months. The conversion table is attached as a separate item, while the final 2012 NAICS-only table (“Table A”) is attached to the draft ordinance. The Planning Commission should note the following regarding the draft Table A:

- Several uses in the 2007 NAICS were consolidated into fewer 2012 NAICS uses. Use codes that are in bold type in Table A are composed of two or more 2007 uses. These are also evident in the conversion table where names are repeated.
- There are many uses that are not shown in Table A because they are not permitted in any district. Recall that Section 405.210, Regulation of Uses, states that any uses not on the list are, by definition, not allowed. If a request is made for an unlisted use, the applicant will need to seek a text amendment or a finding by the Planning Commission that their requested use is, in fact, sufficiently similar to an existing use that it can be allowed without a text amendment.
- Some categories have been amended based upon prior work session discussions with the Commission or where staff have found inconsistencies with conditions in the field. An example of the latter is in the “PC” Planned Community District where two office buildings currently exist, but a number of usual and customary office uses were not allowed. In other instances, staff has noted that a particular use would no longer be desirable in a given district given the evolution of that district and/or the use. In those instances, the use is removed and indicated with an “X.” These will be removed from the final ordinance should it ultimately receive approval.
- In instances where the current code contains qualifying language that is not mirrored in the new NAICS descriptions, the qualifiers have either been copied to the table (for permitted uses) or to the appropriate subsection of 405.470, Conditional Uses.
- Some uses (certain roof-mounted antennas, drive-throughs and business enterprise centers) were defined by the City and are not contained in the NAICS as a separate use or industry. As such, they do not have an associated Use Code. In these instances, staff have located the use in the nearest appropriate location on the table and created a new

Use Code that begins with “CC” to make it clear that the use is defined in the Zoning Ordinance, not the NAICS.

Related Amendments

Once the final list of uses was created, it was necessary to amend other sections of the Zoning Ordinance that also refer to those uses. To that end, amendments to Section 405.210, Regulation of Uses, Section 405.450, Permitted Uses, Section 405.470, Conditional Uses, and Article VII Off-Street Parking and Loading Regulations are also included in the draft ordinance. In most cases, a simple exchange of SIC names and numbers for NAICS equivalents was all that was necessary. In some instances, however, the new use categories were rearranged thus resulting in either redundant or obviated regulations. To make these changes transparent, the draft ordinance shows all subtractions and additions to the ordinance. In instances where conflicting standards were being forced into one category, the more restrictive or demanding option was chosen.

ACTION AND MOTION

If the Planning and Zoning Commission is satisfied that the amendments accomplish the original purposes for starting this process, and that subsequent concerns have been heard and addressed, then Staff request that they provide a recommendation to the City Council on the text amendments. Action will be in the form of approval, approval as modified, or denial. The following would be an example motion for this application:

“I move to recommend approval of the draft text amendment ordinance attached to the February 19, 2013, staff report on Application #13-004 for conversion of the names and numbers of all the permitted and conditional uses identified in the Zoning Ordinance from the 1987 Standard Industry Classification system (SIC) to the 2012 North American Industry Classification System (NAICS)” (Conditions may be added, eliminated, or modified by preceding motion).

WHEREAS, the Planning and Zoning Commission of the City of Creve Coeur, Missouri, held a public hearing thereon at the Creve Coeur Government Center on Tuesday, February 19, 2013, beginning at 7:00 p.m., or immediately following the close of the previous public hearing; and,

WHEREAS, the Planning and Zoning Commission reviewed and, by a vote of _____ recommended approval of the subject amendments at its meeting on _____, 2013; and,

WHEREAS, notice of said public hearing had previously been published at least 15 days prior to the hearing in the St. Louis Countian, a newspaper of general circulation in the City of Creve Coeur and otherwise posted and published in accordance with the Zoning Ordinance; and,

WHEREAS, all persons who presented themselves at said meeting and desiring to be heard were given an opportunity to be heard and a copy of the proposed ordinance has been made available for public inspection prior to its consideration by the City Council; and the Bill was read by title in open meeting two times before final passage by the City Council; and,

WHEREAS, the City Council being fully informed finds that amending the City Code of Ordinances would be in harmony with and bear a substantial relation to the public welfare, health, safety, comfort and convenience of the citizens of the City of Creve Coeur and in the public interest.

2. Conditional uses. No conditional use, as designated within this Chapter, shall hereafter be established unless such use has been approved pursuant to the provisions of Section 405.470. Any existing use which was a permitted use prior to the adoption of this Chapter and which is designated as a conditional use by this Chapter may continue as if it were approved as a conditional use.
