2. Electric Vehicles

Andy Lowenthal provided an update regarding the Electric Vehicle Subcommittee that he and Saranya are on. The subcommittee is researching EVs versus hybrid vehicles. Charging stations at the police station are budgeted for FY25, and Public Works has a hybrid truck budgeted for FY25. Saranya Konala stated that the purpose of the subcommittee is to analyze EVs from an environmental and financial perspective.

Donna Spence stated the downside of EVs for police vehicles is that they have no downtime to charge. Andy stated the Police Department suggested starting with vehicles for administrative/investigative positions that have more downtime. Donna noted that the EVs go through tires faster. Andy stated this is due to the weight of the battery.

4. Priorities for FY24

Melissa Bradford stated the City Council will have a joint work session with the Energy and Environment Committee on Monday, June 24, at 6:00 p.m. in the Council Chamber of the Creve Coeur Government Center. The Committee agreed to run through the priorities list at the next committee meeting prior to the work session.

BUSINESS FROM MEMBERS

No discussion was held.

BUSINESS FROM COUNCIL LIAISON

No discussion was held.

BUSINESS FROM STAFF LIAISON

Melissa Bradford stated the next committee meeting will be June 19, 2024, at 5:30 p.m.
