A. Street Tree List Subcommittee Update

Tracy Grass discussed the subcommittee meeting with Doug Seely, the City Arborist, on February 28, 2016, pertaining to the street tree list. A summary of the meeting minutes are included meeting packet.

The list includes a variety of sizes including: eleven (11) small trees, eight (8) medium trees, and thirteen (13) large trees. The list indicates trees that were previously on the list and those that are native.

Trees that act invasive, even if they are not listed as invasive, were not included on the list.

The HEB will continue to monitor the list, which is a living document, and recommend updates to the City as needed. Discussion included noting facts about each tree on the City website. Sharon Stott and Claire Chosid reminded HEB the trees are linked directly to the Missouri Botanical Garden website which highlights facts about each tree.

The variety of trees City will use the list when going out for bid for street trees. The trees offered annually will be rotated to ensure the same tree species are not planted year after year.

There is a Mother-Daughter Tea at the Tappmeyer House on April 30; therefore, the artwork will be hung on Friday, April 29. The tables from the event may still be upstairs.

Claire Chosid will count the tables and chairs at the Tappmeyer House to see if we need more so Sharon Stott can arrange to have some delivered the week of the event. Rachel Eilbott and Claire Chosid also have tables if needed. Committee estimated it will need 10 tables and at 15 chairs.

HEB Committee members will be assigned to vendors to help them day of the event.

Sharon Stott provided two versions of a banner design (36" h x 108" w - \$185) for display the week prior to the event at the corner of Olive Boulevard and I-270 by Fountain Park. Committee selected the generic version of the banner.
