Jim Graham informed the Committee on the status of our CIP request for the funds to repair/replace the sprinkler system along a section of Olive Blvd. Matt Wohlberg is including this in "future projects" as MoDOT is currently designing roadway and sidewalk improvements to the same section on Olive so the City will not be able to work on Olive during this time. When that project is completed the City will put our request back on the CIP list for Council's approval.

B. Emerald Green Estates Tree Planting

Fran Cantor expressed her concerns that the HEB Committee was not informed on the Emerald Green Estates Tree Planting Project. Claire Chosid informed the Committee that this was not done through the City, but the subdivision, MoDOT, and Forest Releaf. Janet Rueschhoff also confirmed that the City was unaware of this project until it was completed. Between the staff and council liaisons, the committee will be notified of projects that would benefit from their input.

C. MDC Native Landscape Workshops

Fran Cantor shared this program with the committee and wanted to see about promoting it through the City. Since this program has already started, it was discussed to put the link on the City's Facebook page to communicate this opportunity to residents of Creve Coeur. Janet Rueschhoff will have Melissa Orscheln send out the information.

D. MO Invasive Plants Report

Fran Cantor sent a link to committee members regarding Missouri Invasive Plants Report. Fran indicated that this site has an abundance of information regarding invasive plants, statewide assessment of known and potentially invasive plants, resources and educational videos and articles to assist residents to understand the impact of controlling and identifying invasive plants in their area.

As this website contains a lot of information to review a motion was made to table until next meeting. Janet will send the link out to the Committee for everyone to review prior to our next meeting.

1. Table discussion regarding Mo Invasive Plant Task Force until next Committee Meeting

After a years time, Jim could apply to be on the committee again as a voting member. As June approaches, we will discuss in more detail and obtain nominations for a new Chair.

7. Comments from the Public

8. Business from Members

Claire Chosid, Vice Chair, let the committee know, Dan Tierney, Council Member from Ward # 4, discussed with her a resident who is interested in building a native wildflower area for birds. The resident was wondering if the City has a Grant for her project. The resident already has a landscape design.

They were are looking for funds to pay for the project. Currently the City has no Grant program to help a resident pay for a landscape plan.
