RE: EDC Sales Tax Project Update

The following price information has been received regarding the following reports:

\$200-\$300	Top Fifty Retailers Report
\$200-\$300	Total City Report
\$200-\$300	Ward by Ward Report
\$200-\$300	Geographical Report (greater than block but less than ward consisting of 8 to 10 areas)
\$200-\$300	Block by Block Report
\$200-\$300	Business by Business Report

To pull data off mainframe and assemble would be \$400, each report would be an additional \$200 to \$300 with the total cost being \$1,600 to \$2,200. It would take approximately four (4) weeks for the report to be completed.
